6 January 2011

### DAAD IAESTE 2011

This is a list of placements for practical training / internship offered to our organisation by the German institutions for the year 2011. Please note carefully the subject fields and the work offered as well as the conditions of the offer. The training / internship programme is only a requirement of the on-going course of study and the student is expected to join back the course after the training period.

We would like to point out that only these subject fields are included in this year's offer. This is the final list of placements available this year and our Head Office has informed us that there are no further funds available.

Please note that the offer does not include travel costs. We have no possibility of giving a travel grant or financial support for the travel.

The monthly allowance indicated in Form O is just enough to cover the living expenses in Germany.

Kindly run through the list carefully and apply **ONLY** if the subject field and the work offered matches with your course of study. (please clearly indicate the Reference number, the name of the institution and the subject field for which you wish to apply)

Please note that you would not be expected to apply for more than 1 place. Your application along with related documents should reach us by **15th of February 2011**.

Best Wishes and Good Luck!

Manisha Mudgil  
Programme Coordinator
